MEMORANDUM FOR: Deputy Director (Plans)

1. Attached is a copy of my memorandum to DD/R based on a telephone call I had from the Director last night and his conversation with us this morning. If you have any further inputs, it would be most helpful to Pete Scoville to give them to him.

2. As to Cuba, it was my understanding FitzGerald was to prepare an expansion to his current Cuban-operations paper on a more extreme basis, that a sort of catalogue of possible actions was to be prepared for me, and that in any discussions that might come up, I was to indicate capabilities on a very broad and general basis and to be cozy about details.

3. When I receive back from the Director his proposed changes on his Cuban-policy paper, I am to bootleg a copy to Mac Bundy and McNamara. I intend to do this by hand, without any covering letter, and indicate clearly to them that it is for their information and is not being put forward as an Agency or DCI formal paper, and that no further circulation is being given to it.

4. The Director wanted our deception people to concentrate on misinformation or disinformation or deception which would assist Although he suggested that a group be organized I am sure he would be perfectly happy if Cord Meyer's people continued in this field.

5. I have informed Bundy about the Stennis Subcommittee report, our inability to get any further information from Keating as to his sources, and the impossibility of getting toothpaste back into the tube once it has been squeezed out.
